**CONTENTIONS**

5. Based upon an inspection dated October 5, 2009 of the UST facility and/or a review of facility records, the Department has documented the violations alleged herein.
6. Pursuant to ADEM Admin. Code r. 335-6-15-.45(3), upon implementation of delivery prohibition, it shall be unlawful for any regulated substance deliverer to deliver a

regulated substance, and it shall be unlawful for owners and operators of UST systems to accept delivery of a regulated substance to an underground storage tank facility that is under delivery prohibition.

7. The owner accepted delivery of a regulated substance to an underground storage tank facility that was under delivery prohibition.

8. A Notice of Deficiency (NOD) dated May 5, 2009, was issued by the Department requiring the repair or replacement of one or more of the spill buckets, based on the failed annual leak test, with supporting documentation submitted to the Department.

9. On June 12, 2009, upon the Owner's failure to respond to the NOD dated May 5, 2009, the Department issued a Notice of Violation (NOV) requiring the repair or replacement of one or more of the spill buckets, based on the failed annual leak test, with supporting documentation submitted to the Department.

10. On August 20, 2009, upon the Owner's failure to respond to the NOD dated May 5, 2009 and the NOV dated June 12, 2009, the Department issued a Notice of Proposed Delivery Prohibition requiring the repair and replacement of the diesel catchment basin, and the cathodic protection test, with supporting documentation submitted to the Department.

12. On October 5, 2009, a Department inspection revealed that the facility had received fuel on October 5, 2009 while still on delivery prohibition.

13. Pursuant to § 22-22A-5(18)(c), Ala. Code (2006 Rpl. Any civil penalty assessed pursuant to this authority shall not be less than \$100.00 or exceed \$25,000.00 for each violation, provided however, that the total penalty assessed in an order issued by the Department shall not exceed \$250,000.00. Each day such violation continues shall be a separate violation.

14. In arriving at the civil penalty assessed in this matter, the Department has considered the following:

The Owner/Operator did not ensure that the facility was not on delivery

prohibition. The violations impede the Department's regulatory authority over USTs for threats to public health, safety and the environment.

(b) Standard of Care:

The Owner/Operator did not exhibit a standard of care commensurate with applicable regulatory requirements.

(c) Economic Benefit Which Delayed Compliance May Have Conferred:

(d) Efforts to Minimize or Mitigate the Effects of the Violation Upon the Environment:

There are no known environmental effects as a result of the alleged violations.

(e) History of Previous Violations:

The Owner/Operator does have a history of previous violations.

(f) Ability to Pay:

The Owner/Operator has not alleged an inability to pay the civil penalty.

15. The Owner neither admits nor denies the allegations contained in this Consent Order. However, in an effort to cooperate with the Department and to resolve the alleged violations, the Owner consents to this Consent Order and agrees to abide by the terms herein.

16. The Department agrees to this Consent Order upon a determination that the terms are in the best interests of the citizens of Alabama in resolving the allegations contained herein without the unwarranted expenditure of State resources in further enforcement actions.

H. That this Consent Order shall not affect the Owner's obligation to comply with any Federal, State, or local laws or regulations.

I. That, should any provision of this Consent Order be declared by a court of competent jurisdiction or the Environmental Management Commission to be inconsistent with Federal or State law and therefore unenforceable, the remaining provisions hereof shall remain in full force and effect.

J. That any modifications of this Consent Order must be agreed to in writing signed by both parties.
